

Andy Kim

Product Designer | kimandy.net

Product Designer with 7 years of experience, specializing in UX/UI in Web App, Account Setting, Dashboard Design and Design Systems.

Experience

Cisco Systems

Product Designer,

July 2017 - April 2024

I contributed to the Momentum Design System rebrand by creating design components and variants on Figma, along with comprehensive documentation for a unified visual language. I also designed improved dashboards and setup wizards to enhance UX/UI and partner engagement.

Reingold

Visual Experience Designer

Dec 2015 - July 2017

Web design and front-end development for clients across diverse industries, including government, medical, education, sports, and entertainment, delivering tailored solutions that meet their unique needs and enhance user experience.

MBC TV News

Producer

July 2012 - July 2014

Conduct interviews, research articles, gather video content, and provide administrative support for the news team.

Empire Entertainment Japan

Producer / Graphic Designer

Aug 2008 - Mar 2012

Full corporate event production and graphic design for various events, including product launches, fashion shows, live music, filming, casting, and more.
